Steps to register a Friesian Sporthorse with CFHA

1. To register a horse which was **never registered** before:

- Complete an application for membership & submit with fee of \$40.00
<http://www.canadianfriesianhorse.ca/membership-application-online.php>
- Complete an application for DNA Testing Kit (\$45.00) &/or Microchip (\$20.00)
- When you have received the DNA Kit and Microchip have your veterinarian implant the microchip and take the hair sample for the DNA kit. Have the veterinarian sign the forms. Send the DNA kit for testing.
- Complete the application for registration & submit with fee of \$50.00
- Submit a copy of the registration papers of the sire & the dam
- Submit a copy of the Breeding Certificate/Birth Report
- To verify parentage a DNA Marker report is required from Friesian side of the pedigree. If DNA Marker reports are not available you must apply for DNA Testing Kit for the Friesian parent or part Friesian parents.
- Submit proof of ownership such as bill of sale or transfer of ownership if you are not listed as mare owner on the Breeding Certificate/Birth Report

2. To register a horse which **is or was registered** in any other registry

- Complete an application for membership & submit with fee of \$40.00
<http://www.canadianfriesianhorse.ca/membership-application-online.php>
- Complete a Change of Registry form & submit with fee of \$15.00
- Complete an application for DNA Testing Kit (\$45.00) & Microchip (\$20.00) if your horse has not been previously micro chipped or DNA tested. If you have a DNA marker report on the horse, submit a copy of the report with a fee of \$20.00
- Send a copy of your existing registration paper to CFHA.
